## THE DESKTOP SOLUTION

Xplore's xStand Pro is a versatile desktop docking solution ideally suited for use in a variety of office environments (e.g. on a desk, in a service bay, or IT configuration center). Xplore's **xStand Pro** is compatible with the full line of iX104 Tablet PCs.

It features a host of onboard I/O connectivity, spare battery charger, and an articulating arm for angle adjustment. The xStand Pro also allows for any iX104 Tablet PC to be oriented in either portrait or landscape mode. In addition, due to the "Grab 'n' Go" technology that is supported by Windows 7 Tablet PC, the user can dock and undock the iX104 on the fly without having to change the state of the operating system.
